

Supakwik
water heaters

Instant boiling water on demand

Made in
Australia

Features

- **Fully Automatic**, wall mounted instant boiling water dispenser.
- **'SUPASILENT' Standby Operation** - quietly maintains water at boiling point ready for immediate use.
- **Element Power Management** - conserves energy by progressively reducing power to the element when approaching boiling point preventing the generation of energy sapping steam.
- **Energy Efficient** - the storage vessel has the smallest surface area to water ratio reducing heat loss.
- **Simple & Reliable** - designed with minimum moving parts, proven components & quality materials, manufactured and assembled to precise standards ensures performance and longevity.
- **Triple Safety Feature** - Supakwik products incorporate electronic temperature management which ensures that the product does not overheat. The appliance will not be damaged by switching on the appliance without a water supply or if the water supply is accidentally interrupted. When supply returns, the heater will automatically begin operating normally. Furthermore, the heating element has an independent safety device to protect against abnormal operation
- **Warranty** - the Kwikboil range is covered by a comprehensive warranty with a 3 year warranty on the storage vessel.
- **Optional Extras** - A safety tap, filtration and tun dishes are available as optional extras.

Model Selection Guide

Model	Initial Delivery cups at one time		Nominal Capacity (litres)	Recovery cups/min		Element Rating (kW)	Dimensions (H x W x D)	Weight Kg	
	167ml	200ml		167 ml	200ml			dry	full
SA0204	20	15	3	2.5	2	2.4	372 x 260 x 155	5.5	8.6
SA0384	38	30	6	2.5	2	2.4	422 x 312 x 170	7.2	14.8
SA0504	50	40	8	2.5	2	2.4	512 x 312 x 170	8.1	17.2
SA0754	75	60	12	2.5	2	2.4	517 x 340 x 205	9.3	23.0
SA1004	100	80	16	2.5	2	2.4	547 x 365 x 218	11.0	28.8
SA1604	160	138	25	2.5	2	2.4	550 x 415 x 265	12.3	37.8

Technical Specification

Controls	Full Electronic
Electrical Supply Rating:	10 Amps @ 240 VAC
Electrical Connection:	10 Amp 3 pin plug
Water Supply Pressure:	20 kPa minimum 1000 kPa maximum
Water Supply Connection:	½" BSP

All Supakwik products are manufactured under an independently audited certified quality system.

All products are tested and comply with relevant Australian Standards including AS3498, AS4020, AS/NZS60335-2-15, AS/NZS1044 & AS/NZS4417.

As the company policy is that of continual improvement, all detail and specifications are subject to change without notice.
